

PROFIT TAKING IS EVIDENT

Lawson's Trinity Shumps Fourteen Points—Amalgamated Makes Further Advance—Balance of Market Closes Firm in Tone.

(By T. N. Kinsey)

GLOBE, January 5.—The market was again wild today and showed signs of a little profit taking, but as a whole held steady and closed firm in tone. The feature in Boston was the sharp break in Lawson's Trinity from \$40 to \$28.

The bank statement was not quite as favorable as expected and this caused throwing of some stocks. The rise the past few days has been rapid and it is only natural that there should be a slight recession in prices. However, the market is in a healthy condition and if good stocks show a further decline the first of next week it is believed that such stocks are a purchase.

Notices have been sent out calling the balance of \$5 on Cananea Central, payable February 1.

Heavy Stock Trading

By Associated Press.

NEW YORK, January 5.—The speculative revival which developed yesterday in the stock market had the effect of bringing in a large participation today. Transactions for two hours were largely in excess of the recent average for a full day's business. Prices wavered when the completion of the bank statement became known and a sharp reaction followed the publication. The closing tone was strong. The greatest activity was centered in the Harriman group, especially in Union Pacific. The disclosures of yesterday at the inquiry of the interstate commerce commission helped these stocks.

LITTLE BOY LAND

Sweet are the days of Little Boy Land
And sweet to the pictures grand
Which build up the joys of little boy
On his trip through boyish land.

He dwells therein with mystic charm
Mid days of a rosy hue,
Where fairies lead a magic wand
And a touch of the eerie blue.

Deep are the dreams of little boy life
And kings know not of the prize
Of the wealth which lies just under the
Of a little boy's shining eyes.

Sages and seers regret with a sigh
At the loss of that golden strand
Which touches the chord of music sweet
Which rings in little boy land.

The Worm Will Turn

Isabelle Meyers, a chorus girl, angered at what she considered harsh reproof from Louis Harrison, the comedian, stepped out from a line of flower girls in the comic opera "Veronique" at the Studebaker theater last night and said, loud enough for most of the audience to hear: "If you knew him as well as I do you'd kiss him off the stage instead of cheering him."

Then the girl ran back into the dressing room and quit her job before Harrison could discharge her. She was transferred to "The Social White," another of Shubert's plays, at the Garrick.

The audience at the Studebaker thought it was part of the play, when Harrison "roasted" the chorus girl because, he said, she was chattering during one of his favorite speeches. When Isabelle made her little speech those down in the front gasped.

"I don't even know the girl," said Harrison today. "She was talking and laughing and distracting my attention. If you know anything about the stage you know that there must be silence when the leading character is speaking."

Georgia Minstrels

A big program of novelties is promised by Richards & Pringle's Georgia Minstrels. They have retained their act such people as can change their act and put on something new. Clarence Powell, Harry Burroughs, James Crossby, Fred Simpson, Lester McDonalds, Frank Kirk, who will furnish the fun, are all old-timers and are the very best that can be secured.

The olio contains Marsh Craig, the human enigma; Kirk and Cooper, the musical photographers; the three Toys, remarkable acrobats; the Jolly Old Men, big song and dance introduced by James Crosby; Clarence Powell, in a late up-to-date monologue.

The singers are: Robert Logan, Robert Williams, Charles Burton, William Denton, John Fitzgibbs, Edward Harper.

The entire performance to conclude with Clarence Powell's afterpiece, "Jim Jackson and His Mishaps." Street parade daily.

SUPERIOR HAS NOT BEEN SOLD

Manager Sieboth Denies the Report that Lake Superior & Arizona Has Sold Out—Says Company Is One of the Strongest in the Country.

General Manager A. C. Sieboth of the Lake Superior & Arizona Copper company, while in Florence last week stated that the report to the effect that his company had sold its property at Superior was absolutely without foundation. The company is one of the strongest, financially, in the country, he says and the Superior is of such demonstrated value that they could not be induced to part with it.
